

DHWANIT PARANI

STUDENT/ BACKEND DEVELOPER

Ahmedabad, Gujarat - 382470 | Email : parani.dhwanit@gmail.com | Contact : +91 99097 06200

[LinkedIn](#) | [Portfolio](#)

Summary

Final-year B.Tech Computer Science and Engineering student with hands-on experience in backend development using NestJS, Laravel, Node.js, Express.js, MySQL, and MongoDB. Skilled in building RESTful APIs, authentication systems, database design, and scalable backend applications. Proficient in JavaScript, TypeScript, PHP, Git, and React.js. Passionate about backend development and eager to contribute as a Software or Backend Developer while continuously learning and delivering reliable software solutions.

Work Experience

Jr. Backend Developer @ SilverSky Technology

March 2026 - Present

- Developing and maintaining scalable backend applications using NestJS, Laravel, and MySQL.
- Designing and implementing RESTful APIs, authentication, and authorization systems.
- Building new features, optimizing database queries, and resolving production issues.
- Collaborating with frontend developers to integrate APIs and deliver end-to-end solutions.
- Participating in code reviews, testing, and deployment while following clean coding practices.

Backend Developer Intern @ SilverSky Technology

July 2025 - Feb 2026

- Completed training in backend development using NestJS, Laravel, Node.js, Express.js, and MySQL.
- Learned to design and develop RESTful APIs and integrate them with databases.
- Gained hands-on experience in implementing authentication, authorization, and CRUD operations.
- Assisted in debugging, API testing using Postman, and maintaining backend modules.
- Collaborated with senior developers while learning industry-standard development practices.

Full Stack Web Development Intern @ Prodigy InfoTech

Jan 2025 – Feb 2025

- Completed self-paced learning of the MERN stack, gaining proficiency in MongoDB, Express.js, React.js, and Node.js.
- Acquired practical experience in utilizing Tailwind CSS to develop modern and responsive user interfaces.

Web Development Intern @ SAVA Info Systems Pvt. Ltd

Dec 2023 – Apr 2024

- Gained proficiency in PHP programming and its implementation in web development.
- Acquired hands-on experience with Bootstrap for creating responsive and user-friendly interfaces.
- Worked on database connectivity and backend development techniques.

Web Development Intern @ TechMicra IT Solutions

Jun 2023 – Jul 2023

- Gained practical experience in web development using core technologies such as HTML, CSS, JavaScript, and PHP.
- Contributed to the design and development of responsive and interactive web pages to enhance user experience and accessibility.

Skills

- **Languages:** JavaScript, TypeScript, PHP, SQL, HTML5, CSS3
- **Backend:** NestJS, Laravel, Node.js, Express.js, RESTful APIs, TypeORM, JWT, OAuth 2.0
- **Frontend:** React.js, Tailwind CSS, Bootstrap, Responsive Web Design
- **Databases:** MySQL, MongoDB, PostgreSQL
- **Cloud & Deployment:** AWS (EC2, S3, RDS, IAM), Docker, Nginx, PM2, Linux, Application Deployment
- **Tools:** Git, GitHub, Postman, VS Code, npm, Composer
- **Core Concepts:** OOP, Authentication & Authorization, API Integration, CRUD, Database Design, MVC, Dependency Injection, HTTP/HTTPS, Agile Development

Projects

PROFESSIONAL PROJECTS — CONFIDENTIAL

AI-Powered Parent Assistant

NestJS, AWS, OpenAI, HeyGen, ElevenLabs

- Integrated AI services, AWS workflows, and scalable backend APIs for voice, avatar, and chatbot interactions.

On-Demand Rider Platform

NestJS, PostgreSQL

- Built scalable APIs for ride booking, driver management, authentication, and real-time trip workflows.

Club & Membership Management Platform

NestJS, Supabase

- Developed backend modules and secure RESTful APIs for member, booking, and event management.

Projects - Continue

Matrimonial SaaS Platform

NestJS, PostgreSQL

- Contributed to backend features, RESTful APIs, and application workflows while collaborating with senior developers.

Healthcare & Wellness Platform

NestJS, PostgreSQL

- Developed backend APIs, authentication, and business logic for a healthcare and wellness application.

Enterprise Web Application

NestJS, Laravel, PostgreSQL, MySQL

- Developed backend modules, RESTful APIs, authentication, and optimized database performance.

PERSONAL PROJECTS

JWT Authentication System

Tech Stack: MongoDB, Express.js, React.js, Node.js, JWT

- Developed a MERN-based authentication system with JWT-based user authentication and authorization.
- Implemented secure user registration, login, protected routes, and session management.

VibeChat — Real-Time Chat Application

Tech Stack: MongoDB, Express.js, React.js, Node.js, Socket.IO

- Developed a real-time chat application using the MERN stack and Socket.IO for bidirectional communication.
- Implemented real-time messaging and user interaction with a responsive chat interface.

Educational Background

Bachelor of Technology in Computer Science and Engineering

2024 – Present

Silver Oak University, Ahmedabad, Gujarat

Diploma in Information Technology

2021 - 2024

Silver Oak University, Ahmedabad, Gujarat

CGPA: 9.16

SSC

2020 - 2021

Tripada Day School, Ahmedabad, Gujarat

Percentage: 65%

Languages

- English — Professional Working Proficiency
- Hindi — Native/Fluent
- Gujarati — Native/Fluent
